*A delightful harbourfront inn in the heart of Louisbourg, this 4½-star B&B on the Atlantic Ocean is one of Cape Breton's finest accommodations.*

## *Welcome!*

Welcome to Louisbourg's Bed and Breakfast by the Sea. We've enjoyed being hosts since we first opened in 1995, helping guests experience our simple yet picturesque and historic fishing village. Ideally situated, our inn is on the harbour, just off Main Street, in the very heart of the village and only a mile from the visitor entrance to the Fortress.

Park your car and stroll over to the Louisbourg Playhouse, virtually next door, to inquire about the evening performance. Then a few steps in either direction will take you to the waterfront, to check out the harbour happenings, or to Main Street, to explore the shops and restaurants.

Offering all the comforts of home, Louisbourg Harbour Inn is a wonderful place to just relax and unwind. With its pleasant, cheery atmosphere, it smiles at you with true Maritime warmth, inviting you to stay and enjoy the peaceful surroundings.

While you're here, there are many ways to make the most of your visit, and the sound of the seagulls, the smell of the ocean and the sights of the fishing activities just outside your window will make your stay in Louisbourg a true Cape Breton experience!

Our sister property, Louisbourg Heritage House Bed & Breakfast, is just around the corner.
